Provider Questions Checklist

Print this and bring it to every consultation. Good providers welcome these questions — and the answers tell you a lot.

Credentials & experience

- Are you licensed, and can I verify it myself?
- How many of these procedures have you personally done?
- Can I see unedited before-and-after photos of patients like me?
- Who actually performs the procedure — you or technicians?

The plan & the honest result

- What result is realistic for my pattern — and what isn't?
- How many grafts or sessions, and why that number?
- What happens if I keep losing native hair later?
- What are the risks and the recovery really like?

Cost & pressure

- What is the full, written, all-in price?
- Is the consultation fee credited toward treatment?
- Is there any discount that expires today? (A red flag if yes.)
- Can I take the written plan home and think about it?

After your visit

Walk away if anyone guarantees a result, pressures you to decide on the spot, won't put the price in writing, or won't let you verify their license. Those are warning signs, not closing techniques.
